CALL FOR PAPERS

The symposium program is open to all participants, willing to present their work. The organizers would like to encourage young scientists to participate in the symposium scientific program.

Authors intending to contribute oral (poster) presentation are requested to attach short preliminary abstract of the paper with their (pre)registration. Only limited number of contributions may be accepted for oral presentation and the organizing committee reserves the right of selection. Poster presentations will carry equivalent scientific status. The authors will be informed about the form of their presentation.

Preliminary program will be issued in March 2004.

All authors are asked to prepare the written form of their contribution, that will be included in the symposium CD-volume (with ISSN), observing the rules given in the abstract/paper form. The text may be delivered by e-mail for paper selection, but the printed copy must follow.

Abstracts obtained without regular registration will not be included in the symposium volume.

All contributions obtained after April 30, 2004 and before May 31, 2004 will be accepted as last minute posters and the abstracts will be included in the Last Minute Posters booklet.

Publication of papers

Authors willing to submit the manuscripts of full length paper of their contribution presented at symposium for further publication in recognized journal, please indicate your interest in the registration form. The manuscripts will be subject to usual reviewing procedure.
