The organizers are pleased to announce that the full-length papers connected to scientific contributions - lectures and posters - presented at the Symposium will be considered for publication after usual reviewing procedure in the Journal of Chromatography A, an international peer reviewed weekly journal published by Elsevier.

Authors are encouraged to submit their manuscripts of full-length paper of contribution presented at Symposium for publication in a special issue of the Journal of Chromatography A.

According to the new information from publisher, since May 2004 the manuscripts shall be preferably submitted on-line via the journals' website at http://www.authors.elsevier.com/journal/chroma

In the system, please select AACI 2004 when submitting to this symposium issue. Every manuscript has to be accompanied by a cover letter, in which it will be made clear that the submitted manuscript is intended for the proceedings of the 12th International Symposium Advances and Applications of Chromatography in Industry.

All manuscripts will be peer reviewed and must be submitted before the specified deadline to be considered for inclusion in the symposium volume, that mean before July 31, 2004.

All the other details may be discussed at Symposium during the scientific program with the Journal's representative - Editor Prof. Dr. Z. Deyl from Prague, who will be present at the symposium.

The manuscripts must be prepared according to the Guide for Authors, that may be found in detail in Authors Gateway on journals internet site, or may be downloaded from: http://www.elsevier.com/locate/chroma

If you have any questions during the submission process, please do not hesitate to contact the Editor for assistance.
